

Luxury Line of Travel Bamboo Bed Linens A Must Have This Holiday Season.

Travel Blankets, Pillowcases, and Bed Sheets are perfect gifts for holiday travel during the cold and flu season.

SEATTLE, Wash., November 17 2009—As the Holidays approach, BedVoyage, a new eco-friendly home-lifestyle brand, is proud to announce the launch of its 100% organic bamboo bed linens just in time for holiday travel. Using only the highest thread counts and the most luxurious fabric, BedVoyage offers lavish comfort and style and is now exclusively available at www.BedVoyage.com

Great for gifts, these soft as silk travel linens are perfect for holiday excursions. The BedVoyage line includes: travel blankets, travel-size zippered pillowcases, and sheets. The sheets consist of a top sheet secured to a deep fitted sheet with invisible-zippered, logo-embroidered pillowcases, making bed assembly easy. The sheet set conveniently folds into a compact matching fabric travel tote.

“With the cold and flu season upon us, people need a safe layer of protection and BedVoyage linens offers travelers the opportunity to snuggle down in an ultra-hygienic environment. Most airlines don’t provide pillows and blankets to passengers anymore, so why not carry your own and be comfortable and safe,” explains Sharon Stuart, founder & CEO, BedVoyage. “BedVoyage’s patent-pending design, along with invisible zippered pillowcases, guarantees the most secure encasement and protection against allergens, dust mites, and germs. I am confident that our products allow our customers to have a comfortable, sound and healthy sleep.”

Soft as silk, BedVoyage bamboo sheet sets are organic, sustainable, biodegradable, naturally antibacterial and odor-resistant. Bamboo is naturally thermostatic-warm in the winter and cool in summer-and it wicks away moisture better than other natural fibers. These luxury bed sheets are also hypo-allergenic, as bamboo needs neither pesticides nor herbicides in the fields.

Offered in either bamboo leaf green or white, BedVoyage travel linens can be purchased online at www.BedVoyage.com Products are available online at www.BedVoyage.com, www.drugstore.com and www.Amazon.com. BedVoyage customer service line: 1-866-275-8656.

Note to Editors: Ms. Stuart is available for interviews.

Tips by Sharon Stuart, Founder of BedVoyage on how to travel this busy holiday season to minimize any possibility of contracting an illness:

- 1) Pack your own sheets.
- 2) Pack anti-bacterial wipes and if flying: wipe your tray table, arm rests and seat buckle.
- 3) If someone sneezes or has a bad cough near you, cover your face with your shirt or jacket for a moment or two until their bacteria settles and is not so airborne.
- 4) When arriving at your hotel: slip the tv remote into a plastic bag and use it through the bag, to keep germs away from your hands.
- 5) Do not drink out of the water glasses that the hotel supplies, unless they are plastic cups, and are covered in a wrapper.
- 6) Rinse the coffee pot out with hot water, and wash the coffee cups before using
- 7) Always wear socks or slippers in the hotel room as the carpet is notorious for harboring bacteria.
